

Parent/Guardian Report

Name: *Sample Student* **District:** *Sample RI District*
SASID: *Sample Student SASID* **School:** *Sample RI School*
Date of Birth: *Sample Student DOB* **Grade:** 11

In this report, you will find your child's results from the 2021 Rhode Island PSAT 10 tests. Your child took the PSAT 10 English language arts and mathematics tests in April 2021, and this report shows whether your child met grade level expectations and is on track to be ready for college and careers. This test is just one measure of how well your child is performing academically.

For each subject, the report shows your child's score and achievement level. This report also provides information that compares your child's achievement, in each subject, to achievement at the school, district, and state levels, as well as information about how your child performed in the major areas of each test.

For more information on how to understand the results in this report, visit our website at www.ride.ri.gov/Assessment-Results.

Your child's PSAT results

Parents: This section shows your child's score on the ELA and math sections of the PSAT 10 or SAT. This student's scores are 620 in ELA and 560 in math.

Also included are the achievement levels your child reached in each content area. This student achieved Exceeding Expectations in ELA and Meeting Expectations in math.

English Language Arts

Achievement Level

Exceeding Expectations

Score

620

(Score range: 160-760)

Mathematics

Achievement Level

Meeting Expectations

Score

560

(Score range: 160-760)

How can I support my child's education?

Parents: This section contains ways you can use these test results to work with you child's teacher to help them succeed in school.

- If your child's scores are in the *Not Meeting Expectations* or *Partially Meeting Expectations* achievement levels for either English language arts or mathematics, it is critical that you attend family-teacher conferences and discuss any concerns you may have.
 If your child is *Meeting Expectations* or *Exceeding Expectations*, consider having a conversation with your child's teacher to ensure your child remains challenged and engaged.
 School attendance matters. Make it a priority to get your child to school on time, every day. Establish daily reading routines in your home and encourage your child to read for fun.
- At home, talk to your child about his or her day at school to reinforce the material being learned. Children whose families stress the value of education are more likely to find it important as well.
- Stay connected to your child's school. Get involved with a parent group, schedule regular parent-teacher conferences, and get to know your school community.
- Share your voice! Help improve your child's school by participating, every year, in SurveyWorks, Rhode Island's annual school culture and climate survey.
- Start a conversation. Ask questions. Talk to your child about what they're learning and show an interest in the subjects that excite them.

Cross-Test Scores

Cross-Test Scores	Student Score	School Average*	District Average*	State Average
Analysis in History/Social Science (8-38)	29	27.8	27.8	23.2
Analysis in Science (8-38)	33	27.6	27.5	23.2

These scores are based on selected questions in the SAT Reading, Writing and Language, and Mathematics tests and reflect the application of reading, writing, language, and math skills in history/social studies and science contexts.

Parents: This section shows how your child did on the subsections and subtests. The average performance of your child's school and district are provided for comparison. The state average includes all students in Rhode Island who took the PSAT 10 in April 2021.

Parents: This section shows the percent of Rhode Island students in each achievement level and the average scale score for your child's school and district and the state. Use the chart above to determine which achievement level each score is in.

Percentage of Rhode Island students at each performance level.
