

Common Core State Standards: Implementation of Mathematics Content and Practices Agenda

Goals:

- To develop a common understanding of integrating the CCSS and other related documents when making decisions about teaching, learning, and assessment.
- To explore the Standards for Mathematical Practice with specific connections to content and rigor.

Establishing Purpose (30 minutes)

- Where are you now?
- Setting learning goals for the day

Overview of the CCSS & PARCC Documents (75 minutes)

- Activate & Connect: Cracking the Code
- Identifying the Major Clusters
- Grade level review

BREAK (15 minutes)

Focus on Content: Learning Progressions (90 minutes)

- Deconstructing a Standard
- Linking to Instructional Practice

LUNCH (30 minutes)

Focus on Mathematical Practices (120 minutes)

- Jigsaw the Standards for Mathematical Practice
- Analyzing a Task
- Connections to the PARCC

Reflection (30 minutes)

- Key Learnings
- Next Steps
