Training Objectives

You may be wondering...

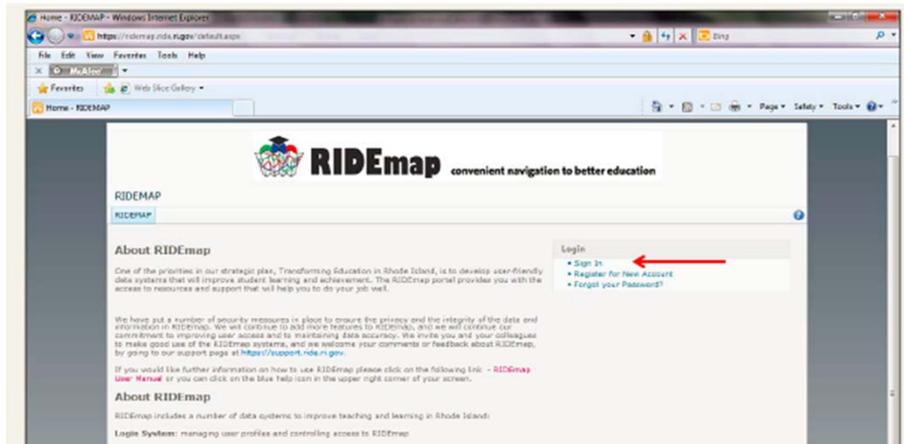

- How to access the Interim Reports?
- How to interpret the data displayed in the reports?
- How to analyze the results from the Interim Assessments?

Types of Reports

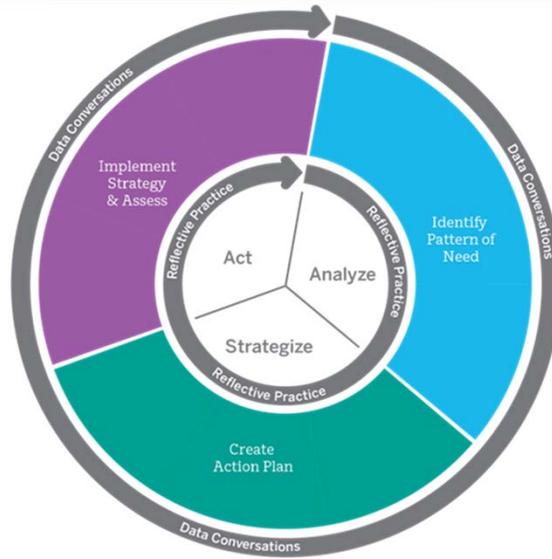

- Item Level Analyses Report
- Cluster Summary Report
- Depth of Knowledge Summary Report
- Student Report (in development)
- External Assessment Report (in development)

Interim Assessment Reports

- Sign in to IMS through RIDEmap

Analyzing Results

Analyzing Results

- What do you notice first when you look at the Sample Item Analyses Reports?

- What Patterns Of Need do you see?
 - Area(s) of strength?
 - Area(s) of concern?

- What are the Potential Actionable Causes for the patterns you see?

- How can you validate your inferences?
