

## **Test Administrator Instructions for Setup** **NECAP Science Grade 8 Inquiry Task: Force of Friction**

The materials enclosed are for **1** setup, **5** setups, or **10** setups.

**Materials:** 1 setup (for 1, 2, or 3 students):

1 placemat for all materials (11" x 17")

1 piece of wax paper (about 28 cm long)

1 piece of sandpaper (about 28 cm long)

1 paper towel (about 28 cm long)

1 Newton (N) spring scale

1 wooden block with an eye screw on the end

6 labels

### **Procedure for Setting Up the Investigation**

1. Place one placemat on each workspace for each small group of students.
2. Place one set of materials in each appropriate spot on the placemat.
3. Instruct the students not to touch the materials on the placemat until instructed to do so.
