

# **Test Administrator Instructions for Setup**

## **NECAP Science Grade 4 Inquiry Task: Bees and Pollinators**

The materials enclosed are for **1** setup, **5** setups, or **10** setups.

**Materials:** 1 setup (for 1, 2, or 3 students):

- 1 placemat for all materials (8½" × 11")
- 1 Pollen Drop Off Sheet (8½" × 11")
- 4 swabs in a bag labeled "X"
- 4 swabs in a bag labeled "Y"
- 4 swabs in a bag labeled "Z"
- 1 small plastic dish for pollen
- 1 bag of "pollen" (fine colored sand)
- 1 large bag for used materials (the bag the kit was packaged in)

### **Procedure for Setting Up the Investigation**

1. Unfold and flatten a placemat for each group of students.
2. Unfold and flatten a Pollen Drop Off Sheet for each group of students.
3. Place the bag labeled "X" in the rectangle next to the X.
4. Place the bag labeled "Y" in the rectangle next to the Y.
5. Place the bag labeled "Z" in the rectangle next to the Z.
6. Place the small dish for pollen in the circle labeled "Pollen Dish."
7. Place the bag of "pollen" on the picture of a bag of pollen.
8. Place the Pollen Drop Off Sheet on the workspace next to the placemat.
9. Place the bag the kit was packaged in on the workspace for students to collect the used materials in as they complete the task.
10. Instruct students not to touch materials on the placemat or the Pollen Drop Off Sheet until instructed to do so.
