

My eCert

Created for educators in Rhode Island, My eCert is the location for all Rhode Island certified educators to go to review their certification.

My eCert is a personal portal or dashboard for educators in Rhode Island to manage their certification. Educators can view, download and print their certificates and (starting in 2014) apply online for certification. As of Spring 2013, RIDE has discontinued mailing paper copies of certificates to educators. All certificates are sent by email only. It is critical to maintain a current email address in My eCert.

It is a centralized system of record for all data related to educators and their assignments in public schools in Rhode Island. It will also include information related to certification, work assignments as well as Highly Qualified status.

In order to view your certification information, you will need to register for a RIDemap account and link it to your certification ID.
