

Administrator Access to Growth Data for Teachers

Growth data can be accessed through the EPSS link in your RIDEmap account. The directions below explain the process for how to access growth data for teachers in your school(s).

- Click on the Growth Information Tab at the top of the page

- The screen below will appear. Only teachers who taught in your school during the 2011-2012 or 2012-2013 years will be visible to you on this report. The report will feature the **Cohort Growth Median** for 2011-2012 and 2012-2013. You will also be able to click the **Certification ID** for each teacher and see individual student growth scores.

School Level Growth

Admin View of Teacher Level Growth

School:

Listed below are the Cohort Growth Medians for all teachers that received a growth score at your school. Cohort medians are only available to view if the teacher taught in your school during that year. If the teacher taught at more than one school during either of the cohort years, then the 2 Year Growth Median Score is not displayed. For more information about the RI Growth Model, including how SGPs and Cohort Growth Medians are calculated, please visit www.RIDE.RI.gov/RIGM.

NA denotes a teacher did not have at least one student growth percentile for one of the two cohort years.

NA* denotes there were fewer than 20 student growth percentiles available for this teacher across the two cohort years and therefore a score was not calculated.

Teacher First Name	Teacher Last Name	Certification ID	2011-12 Growth Median	2012-13 Growth Median	2 Year Growth Median Score
Michael	Alves	22222	57	47	55
Carol	Johnson	16555	52	33	39
Jill	Sousa	17777	65	63	64
