

What You Need to Know About the Digital SAT[®] Suite of Assessments

May 2023

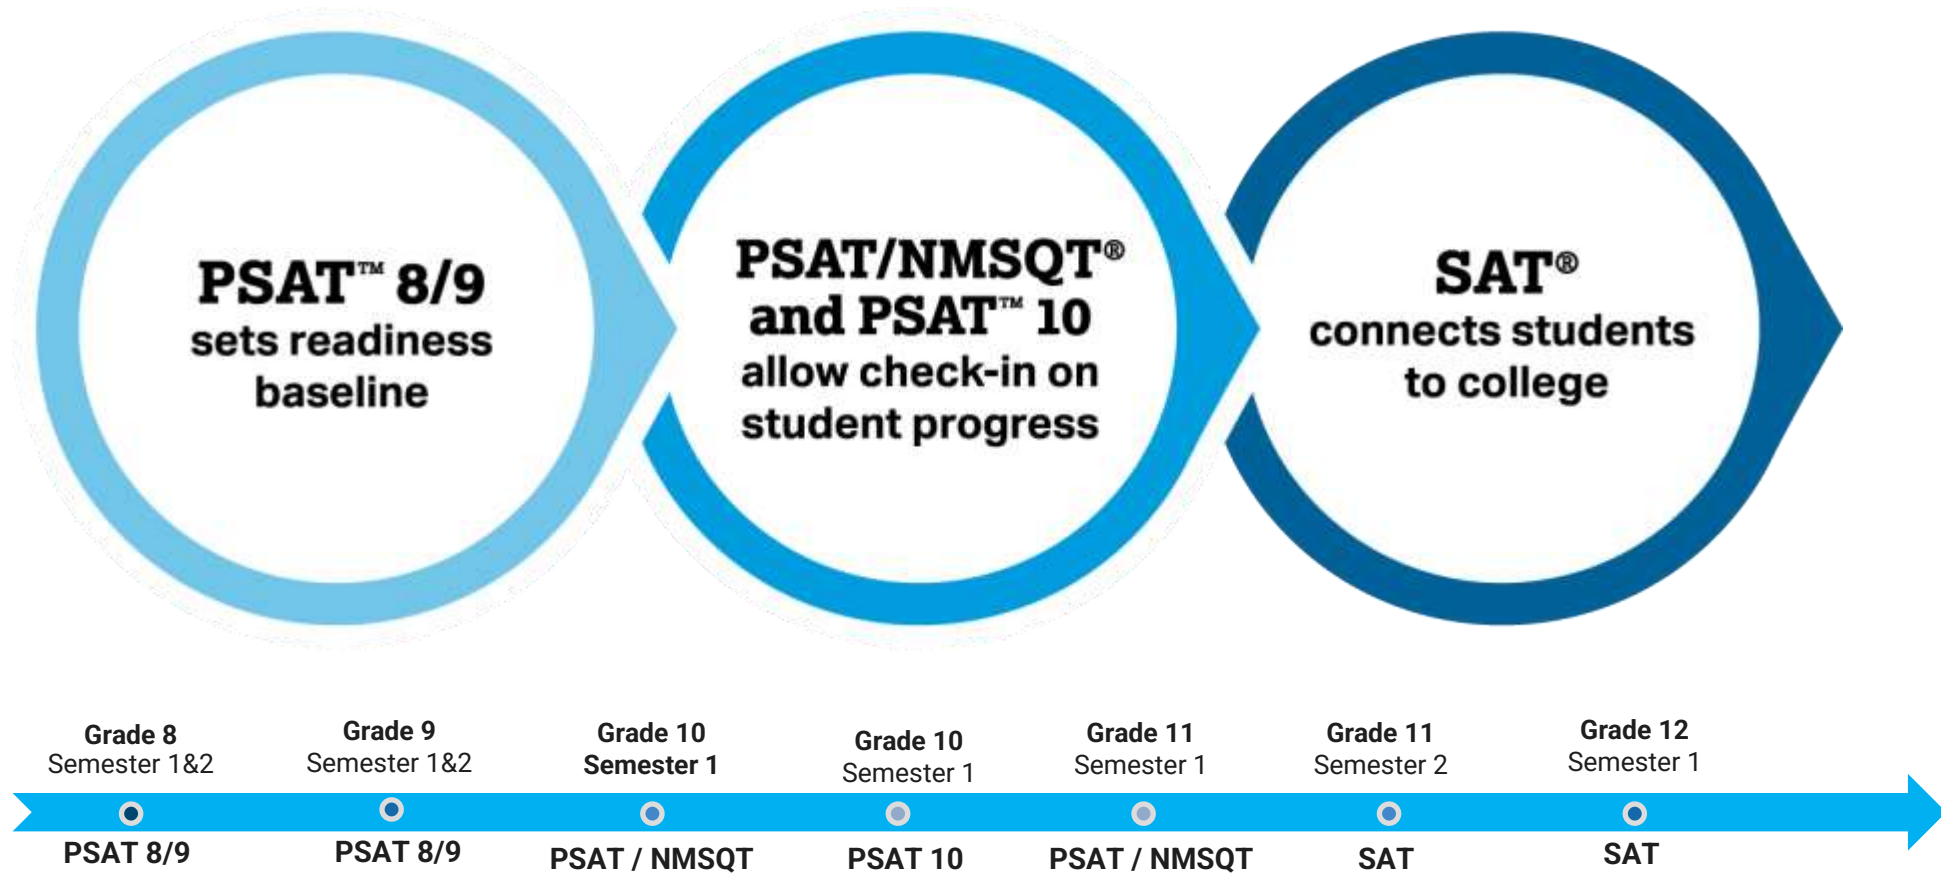

Agenda

- ✓ Digital SAT Suite Overview
- ✓ Test Specifications and Features
- ✓ Preparing for Fall In-School Testing
- ✓ BigFuture™ School
- ✓ SAT Suite Ordering and Registration
- ✓ Digital SAT Practice
- ✓ BigFuture

Digital SAT Suite of Assessments Overview

The SAT Suite of Assessments

The digital SAT Suite of Assessments will be...

Easier to take

Easier to give

More secure

More relevant

Digital SAT Suite of Assessments Timeline

The SAT Suite of Assessments is transitioning from paper and pencil to a digital format.

	PSAT 8/9	PSAT 10	PSAT/NMSQT	SAT (U.S. Weekend and School Day)
Fall 2023		N/A		
Spring 2024			N/A	

Digital

Paper and pencil

What's staying the same?

- ✓ Tests college and career readiness
- ✓ 1600 scale, and no concordance is required
- ✓ Proctored in a school or test center
- ✓ Free, world-class practice resources
- ✓ Scholarships and College Board National Recognition Programs
- ✓ Support all students

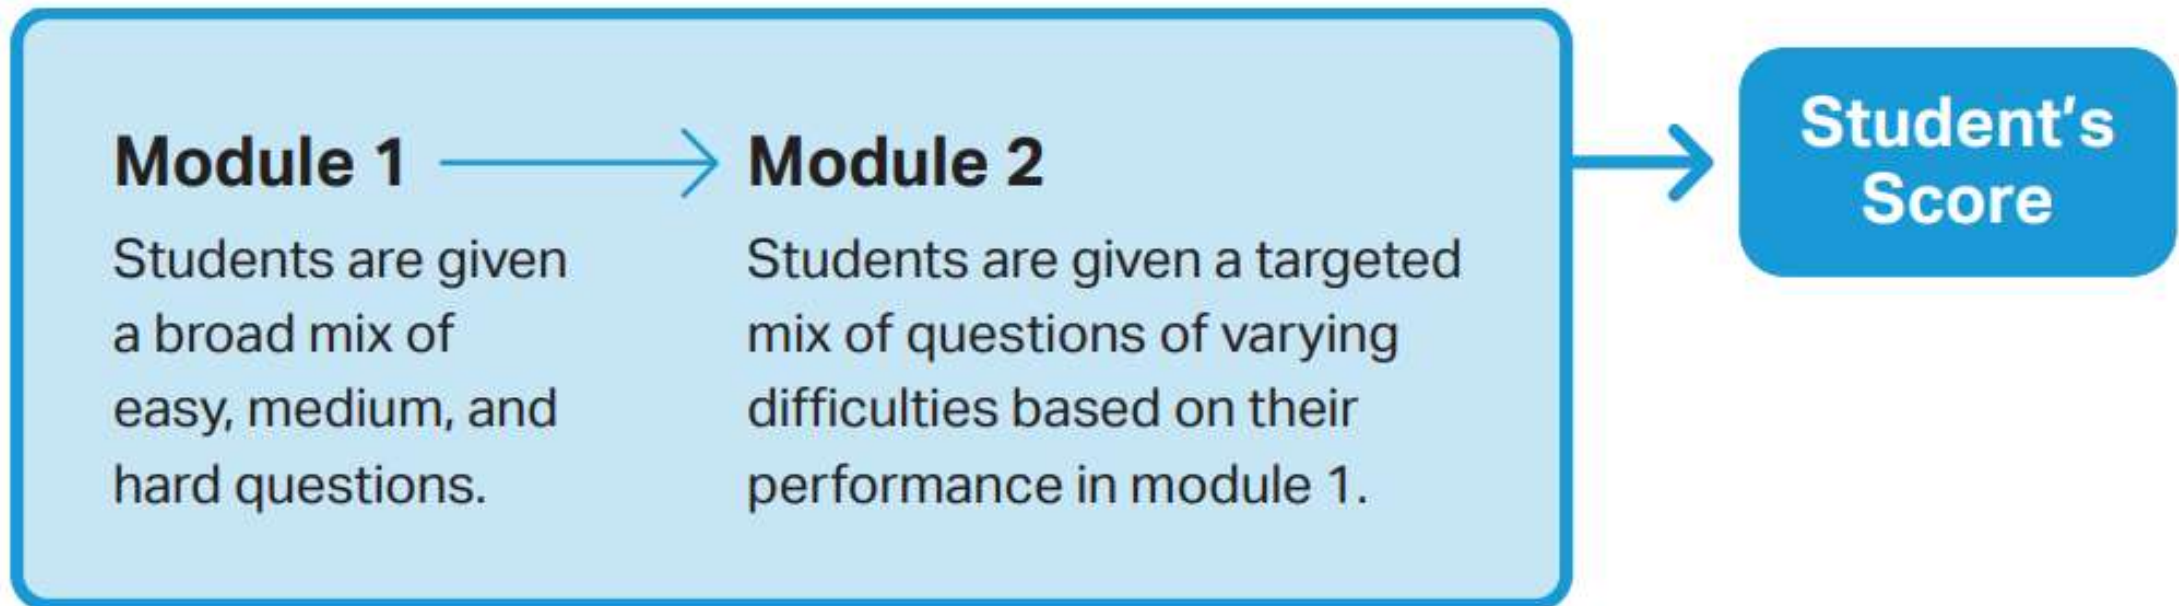

What's changing?

- ✓ Laptop or tablet
- ✓ Test will be shorter – ~100 questions and 2 hours and 14 mins
- ✓ Receive scores faster
- ✓ Calculators allowed on all math
- ✓ Single question per reading passage
- ✓ More relevant information
- ✓ More secure and flexible – individual forms and asynchronous testing

Test Specifications and Features

The digital SAT Suite will have two modules in each section

Benefits of Multi-Stage Adaptive Testing

- ✓ Shorter tests
- ✓ Questions are tailored according to students' achievement
- ✓ Allows students to navigate back to questions within a module
- ✓ More secure testing
- ✓ Allows disruptions in internet connectivity
- ✓ More precise measurement

Multiple choice (≈78%)
Student-produced response (≈22%)

Four-option multiple choice (≈75%)
Student-produced response (≈25%)

Paper and pencil

Digital

Preparing for Fall In-School Testing

Device Requirements

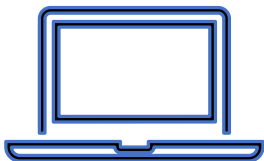

Laptop,
Tablet,
School Managed Device
(Chromebook or Desktop)

Device should be
able to hold a
charge for 3 hours

Device must be
able to connect
to Wi-Fi

If a student doesn't have a device for **SAT Weekend**, they may request to borrow one from College Board and we will provide one on test day.

Device Specifications

- Windows laptops/tablets must be running Windows 10 or later and have at least 250 MB of free space available.
- Mac laptops must be running macOS 11.4 or later and have at least 150 MB of free space available.
- iPads must be running iPadOS 14 or later and have at least 150 MB of free space available.
- School-managed Chromebooks must be running Chrome OS 100 or later and have at least 150 MB of free space available. You cannot run Bluebook™ on a personal Chromebook.

Network Requirements

All students and testing staff (coordinators, proctors, and monitors) must connect to your Wi-Fi on test day. This includes:

- Students and testing staff who are unaffiliated with your institution.
- Students and testing staff who are using personal devices

You may need to set up guest access. Be sure to share the network password with staff so they can share it with students.

Bandwidth Requirements Vary by Test

Test	Bandwidth
SAT Weekend	100 Kbps
SAT School Day and other assessments in the Suite	200 Kbps

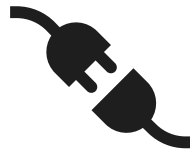

Students will take the digital SAT Suite on a custom-built digital exam application.

<https://bluebook.app.collegeboard.org>

Bluebook™

If the internet disconnects during testing, students will still be able to progress through the test **with no disruption**.

If a student's device runs out of battery, they can simply plug in, restart their device, and pick up where they left off—**all their work will be saved, and they won't lose testing time**.

Bluebook **automatically locks out other programs** to ensure students cannot cheat.

Students are timed individually. If their start times are slightly staggered, their breaks and end times will be too.

Bluebook - Universal Testing Tools

This screenshot shows the Bluebook interface with a math reference sheet open. The reference sheet includes various geometric formulas and diagrams, such as the area of a circle ($A = \pi r^2$), a rectangle ($A = lw$), a triangle ($A = \frac{1}{2}bh$), and special right triangles. A graphing calculator is also visible, displaying a coordinate plane with a grid and a function graphed. The calculator interface includes a keypad with mathematical symbols and a display area showing the function $f(x) = \frac{1}{x-3}$ and its limit as x approaches 3.

Built-in graphing calculator & reference sheets

This screenshot shows a question in the Bluebook interface. The question asks for the value of $f(2) + g(2)$ given $f(x) = x + 7$ and $g(x) = 7x$. The question is marked with a red flag icon. Below the question, there is a review panel with a grid of question numbers (1-14) and a 'Go to Review Page' button. The review panel also shows the question number 'Question 7 of 18'.

Flag and review

This screenshot shows a reading passage in the Bluebook interface. The passage discusses a librarian's note about Bao Phi's collection *Sóng / Sing*. The text is annotated with a yellow highlight and a red flag icon. The question asks which choice completes the text with the most logical and precise word or phrase. The choices are 'scholarly' and 'melodic'. The interface also shows a 'New Annotation' tool and a 'Highlight Color' tool.

Full annotation tools

This screenshot shows a question in the Bluebook interface. The question asks for the time taken for two nearby trees to be perpendicular to the ground. The question is marked with a red flag icon. A blue bar at the bottom of the question area contains the text 'Hideable test timer'. The interface also shows a 'Calculator' button and a 'Hide' button for the timer.

Hideable test timer

Digital SAT Suite In-School Calendar 2023-2024

Fall 2023	Dates
PSAT/NMSQT	October 2–October 31*
PSAT 8/9	
SAT School Day	October 11** October 26 –Alternate
<p>Districts and schools will be able to administer the PSAT/NMSQT and PSAT 8/9 on as many days of the testing window as needed.</p> <p>*College Board will support administration of the PSAT/NMSQT on Saturday, October 14, 2023</p> <p>** The SAT will be administered in paper format in the U.S. until spring 2024.</p>	

Spring 2024	Dates
PSAT10	April 1-26
PSAT 8/9***	
SAT School Day	
<p>Districts and schools will be able to administer these assessments on as many days of the testing window as needed.</p> <p>Details on ordering and registration deadlines for spring 2024 will be provided later this spring.</p> <p>***PSAT 8/9 will be available March 4–April 26</p>

5 ways to prepare to administer in-school digital assessments

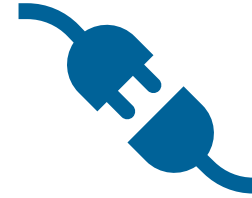

Check **device inventory**

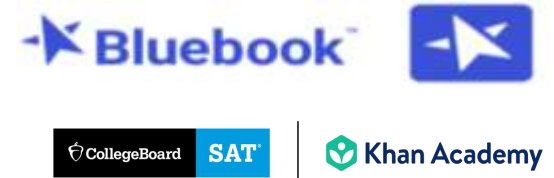

Install the **Bluebook** app

Test your **network readiness**

Connect Technology Staff with **Resources**

Encourage students to download app and **practice**

Scheduling Your Test Day(s)

Timing

1

The digital PSAT/NMSQT and PSAT 8/9 have the same number of questions.

Completion

2

Testing must be completed in a single sitting, except for students with specific accommodations.

Flexibility

3

Start times are flexible.

Accommodations

4

Standard and accommodated test takers will test during the window.

Requesting Accommodations

- **NEW:** Starting in Fall 2023, accommodations for **PSAT 8/9** must be requested and approved by College Board's Services for Students with Disabilities (SSD).
- The process for requesting accommodations for the **SAT, PSAT/NMSQT, PSAT 10, and AP** will not change.
- Some accommodations requests will no longer be needed, such as:
 - Large print
 - Enlarged answer sheet
 - Magnification device

Accommodation Deadlines for 2023-24

PSAT/NMSQT, PSAT 8/9: October 2-31, 2023	SAT School Day: October 11, 2023	SAT School Day Alternate: October 26, 2023
August 14, 2023*	August 22, 2023	September 6, 2023

*Varies depending on administration date

Accommodation Review Takes at Least 7 Weeks

SAT Suite Ordering and Registration (SSOR)

Key Digital Administration Steps

Action	Description	Timing
Ordering	Identify the assessments and grade levels you will be offering, when you plan to begin testing, and key staff	March - August
Registration	Submit a digital file of test taker information which will be used to deliver test packages and accommodations	September - October
Training	Complete training for test coordinators and other staff	September - October
Digital Readiness	Ensure Bluebook is installed properly, check devices, and complete exam set-up, etc.	September - October
Administration	Administer assessments based on your testing schedule	October
Scores/Reports	Share scores and reports with students and families	November

SAT Suite Ordering and Registration

- SAT Suite Ordering and Registration (SSOR) is replacing the Test Ordering Site (TOS)
- You should have received an email with instructions for establishing access for 2023-24 ordering
- Plan on allowing just over 3 hours on test day to complete all testing related activities for standard test takers. Additional time will be required for students with extended time and other types of accommodations
- Students may only test once, unless there is an irregularity (technical issue, significant testing disruption, etc.) that requires a student to re-test

Before You Get Started

Other Tools
We offer an array of tools and services to support your work in education. See the College Board Professional website for more information.

 If the SSOR link is not listed, then you have not been granted access.

 Only users with the SAT Suite Ordering role will be able to order tests and edit orders.

Information to Gather

Contact Information

- Test Coordinator
- Technology Coordinator
- Principal
- Billing Contact

Include

- First and last name
- Job title
- Work e-mail
- Work phone number

Other Information

- Institution's address
- Start date

Districts and Schools

- ! Schools and district cannot edit each other's orders

We recommend communicating the following:

- Who will enter test orders
- Who will upload registration data

- View the number of tests in a school order
- View estimated costs of a district order
- Order tests for multiple schools
- Assign a start date for each test, or allow schools to set their own start date

- View the number of tests ordered by the district
- View estimated costs of school order
- Can see start date assign by the district, but cannot change date
- Can place their own test orders, but not for tests the district already ordered for them

Ordering Dashboard

The screenshot shows the CollegeBoard SAT Suite Ordering and Registration dashboard. At the top, the CollegeBoard logo is on the left, and a user profile icon with the name 'Hi' is on the right. Below the navigation bar, the main heading is 'SAT Digital Assessments' in a blue banner. Underneath, it says 'Order SAT School Day, PSAT/NMSQT and PSAT 10, and PSAT 8/9 Assessments.' and provides a link to 'Learn more about the SAT Suite of Assessments'. Two yellow buttons are present: 'Order Fall SAT School Day Paper Tests' and 'Order New Digital Tests'. Below this is a section titled 'Ordered Tests' with a dark blue header containing 'ORDER', 'REGISTRATION', and 'INVOICE' tabs. The main content area of this section displays 'No Tests Ordered' with the subtext '(Ordered test information will appear here.)'. At the bottom, there are two informational messages: one with a blue icon stating 'Fall SAT School Day Paper Tests will follow a different ordering process.' and another with a yellow icon stating 'Schools must complete the ordering process for Fall SAT School Day paper tests.'

Ordering Dashboard (complete district order)

- If the district places an order for its schools, schools will continue to see an ordering dashboard when they log in
- If no orders have been placed by the school or their district, the dashboard would be empty.
- If action is required by the school, they will need to provide the requested information before the order can be considered complete. Examples include:
 - Enter a testing start date (if the district indicated schools would choose this date on their order)
 - Enter needed contacts if they don't already exist
- School user will click the “Go to the edit screen” which will take them to an order summary where they can add/update this information.
 - Schools cannot place any new orders until they complete this task

The screenshot displays the 'SAT Suite Ordering and Registration' dashboard. At the top, it says 'SAT Suite Ordering and Registration | Switch Institution'. Below this is a blue header for 'SAT Digital Assessments' with the subtext 'Order SAT School Day, PSAT/NMSQT and PSAT 10, and PSAT 8/9 Assessments.' and a link 'Learn more about the SAT Suite of Assessments'. A notification bubble states 'You must address alerts below'. The main section is titled 'Ordered Tests' with a 'View and Edit Order Details' link. It features three tabs: 'ORDER', 'REGISTRATION', and 'INVOICE'. The first order listed is 'SAT School Day (SPRING)'. A red box highlights the link 'Go to the edit screen' next to the message 'Action required to complete this order'. Below this, details for the order are shown: Total Testers: 250, Grade: 12, Test Start Date: March 06, 2024, and Order Deadline: February 25, 2024. The second order listed is 'PSAT/NMSQT (FALL)', also with a red box highlighting the 'Go to the edit screen' link.

Pricing Calculator

- Users can enter test quantities for each administration they need.
- The pricing calculator will calculate the estimated price
 - Invoice will be calculated using final test registrations
- Users can view the estimated subtotal, adjustments applied, and a final estimated total

Your adjustments are based on factors like which tests are ordered and where your school is located. [Find more information here.](#)

Your cost will be finalized based on how many students are registered. [Find more information here.](#)

Plan and Calculate Your Order

[District] Please use this calculator to plan out the tests that you need to order. Once you have added all quantities needed, please proceed to the next step to complete the ordering process.

PLEASE NOTE: Any work done here will not be saved until you complete the order. If you use this tool to calculate your needs and then return at a later date to complete your order, you will need to re-enter any info below.

TESTS	SCHOOL ORDER	DISTRICT/STATE ORDER	DISTRICT ESTIMATED COST
SAT School Day			
FALL (paper testing)	0	<input type="text" value="0"/>	—
SPRING	0	<input type="text" value="0"/>	—
PSAT/NMSQT (Fall only)			
FALL - 11th grade	0	<input type="text" value="0"/>	—
FALL - All other grades	0	<input type="text" value="0"/>	—
PSAT 10 (Spring only)			
SPRING	0	<input type="text" value="0"/>	—
PSAT 8/9			
FALL	0	<input type="text" value="0"/>	—
SPRING	0	<input type="text" value="0"/>	—
Totals			
ESTIMATED SUBTOTAL			\$0.00
ADJUSTMENTS		What is this adjustment?	\$0.00
ESTIMATED TOTAL		Why is this estimated?	\$0.00

Distribute Test Quantity

- District users are required to distribute the test quantity to each school for which they are ordering
- Clicking “Distribute Test Quantity” opens a window that lists all schools mapped to the district
- The district must distribute the test quantity to each school that needs it
 - SSOR will not allow the district to distribute more quantities than they entered in the calculator
 - SSOR will not require they distribute out the entire quantity they entered in the calculator
- As the user distributes quantities, they can track how many tests they **have available** vs. how many they **have distributed**
- If the user does not see a school in the list that they are expecting to see, they can click “**Missing a school?**”

How Many Students Are Testing at Each School?

Provide the estimated number of students that are testing at each of your schools for the tests you're purchasing below. You cannot exceed the total quantity purchased in the previous step. The quantity of testers provided for each school will be used to cap the number of students that can be registered for the test at each school.

Indicating Who Will Upload Registration Data

- The user will indicate whether the district or school will upload student registration data
 - If they indicate the district will upload registration data, then only the district can upload bulk registration files for the test and grades ordered
 - If they indicate the schools will upload registration data, then only schools can upload bulk registration files for the test and grades ordered

Who will register students?

For each test, please confirm whether the district or the school will cover the task of registering all students for actual testing.

TESTS	START DATE	GRADES	TEST REGISTRATION
SAT School Day			
SPRING 600 Tests 600 tests distributed to 2 schools 0 tests remaining to distribute	March 06, 2024	Grade: 12	<input type="button" value="Registration"/>
PSAT/NMSQT (Fall only)			
FALL 300 Tests 300 tests distributed to 2 schools 0 tests remaining to distribute	School will choose date	Grade: 11	<input type="button" value="Registration"/>
PSAT 8/9			
FALL 400 Tests 400 tests distributed to 2 schools 0 tests remaining to distribute	School will choose date	Grade: 8, 9	<input type="button" value="Registration"/>

Previous | Cancel and Exit

Confirm who will be responsible for uploading student data for this test

My district will upload student data for this test.

Schools will upload student data for this test.

SSOR Registration Key Highlights

- Registration will open at the end of August
- Staff uploading registration files need to be assigned the **SAT Suite Data Coordinator** role
- Staff reviewing and validating registration data need to be assigned the **SAT Suite Registration** role
- All students that will test must be registered
- Accommodations are matched to registration data to configure Bluebook
- Registrations can be canceled until days before testing begins
- Registrations can be added after testing begins

BigFuture School

New Digital Format, A Changing Landscape

1

Putting Privacy First

With the transition to digital testing and the changing student data privacy landscape, beginning in fall 2023 students who test during the school day will have a new way to make the most of score release – without sharing personal information.

2

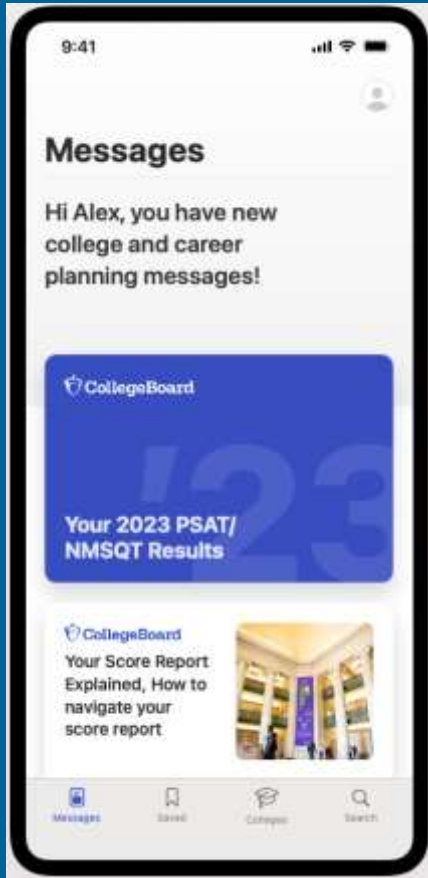

The Power of Score Release

Score release is a powerful moment to provide students with personalized and relevant information about colleges, careers, and scholarships.

3

Connecting Students to Opportunity

Build on the known positive impact of Search to create productive connections between students and colleges, while enabling students to have control over their data behind shared with colleges.

When they test, students can choose to provide a mobile number that will **only** be used to text them information to access BigFuture School and when scores are available in the app.

Images are illustrative and not final

Introducing the BigFuture School Mobile App

The power to plan – in the palm of students' hands

- Direct access to digital PSAT/NMSQT, PSAT10 and SAT School Day scores.
- Customized career guidance and information about planning and paying for college.
- Connections™—a feature exclusively for school day test takers that allows them to hear from nonprofit colleges and scholarship programs that may be a good match – without sharing personal information.

In early 2024, educators will receive aggregate information and insights about student engagement with the app and its features.

Accessing BigFuture School

1

Provide a Mobile Number

During the testing experience for the digital PSAT/NMSQT, PSAT 10, and SAT School Day, students 13 and over can provide a mobile number to receive text messages about the BigFuture School mobile app and score availability.

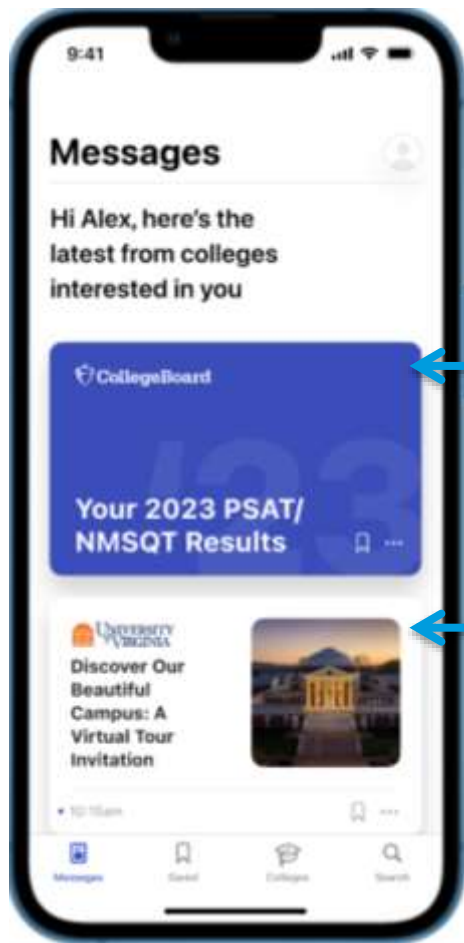

2

Access BigFuture School Mobile App

Students can view their scores, along with customized guidance on potential career paths, and information about planning and paying for college. When they opt-in to Connections, they can begin hearing from nonprofit colleges and scholarship and educational organizations.

Connections Feature

Giving students control over the planning process

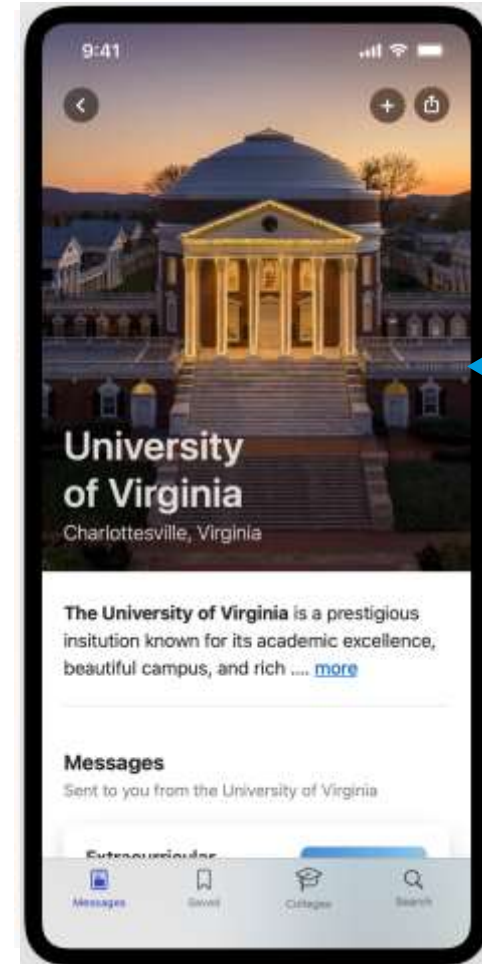

Score alert

College message view

Detailed message view

College profile card

More Ways to View Scores

Students who don't opt in to BigFuture School or who don't have a mobile phone can still access their scores and planning information. Students who take the SAT on the weekend will continue to receive their scores through their College Board account.

Get Score Reports

Schools will continue to receive PDF score reports for all assessments they administer, which they can share with students. The information on the reports will be similar to the information in the app.

Use a College Board Account

As always, students can log in to their personal College Board accounts at studentscores.collegeboard.org to get additional insights about their scores and explore BigFuture.

Using BigFuture School and BigFuture

Separate, but complementary, resources to help students plan

Start with BigFuture School
Quickly and directly access scores,
planning information, and messages
from colleges.

Question 1 | Center, spread, and shape of distributions

71, 72, 73, 76, 77, 79, 83, 87, 93

What is the median of the data shown?

Choose 1 answer:

- INCORRECT**
71
- CORRECT SELECTED**
77
- 78
- 79

[Check](#)

THIS explanation

The median is the middle data point when the data is sorted from least to greatest.

The data shown is already sorted, so we just need to find the middle data point.

There is an odd number of data points, so the median is the middle number:

71, 72, 73, 76, **77**, 78, 83, 87, 93

The median is 77.

[Learn more about center, spread, and shape of distributions questions in this lesson.](#)

For Classes of 2024 and 2025: Completing Steps on the BigFuture Dashboard Qualifies Students for \$500 and \$40,000 Scholarships

The more steps students take and the earlier they begin, the more chances they have to earn scholarships

Start Your Career List

By end of February in senior year

Explore careers that match your interests.

Build Your College List

By June 30 in junior year

Find two or four-year colleges that interest you.

Start Your Scholarship List

By end of February in senior year

Find other scholarships to help you pay for college.

Strengthen Your College List

By October 31 in senior year

Make sure your college list has a mix of reach, match, and safety schools.

Complete the FAFSA

By end of February in senior year

Fill out the free government form to apply for financial aid.

Apply to Colleges

By end of February in senior year

Apply to the schools you want to attend.

“The scholarship I received is life-changing. This allow me to choose the college of my choice with financial support.”
- Will from Illinois, Class of 2023 Winner

BigFuture Scholarships: \$40,000 Scholarships and Hundreds of \$500 Scholarships Every Month to Students Who use BigFuture

May 2022: Will from Illinois

June 2022: Adriana from New Jersey

July 2022: Abigail from Indiana

August 2022: Carrington from Texas

September 2022: Antonio from Connecticut

November 2022: Jose from Rhode Island

BigFuture Scholarships: Five Things You Need to Know

1. Sophomores, juniors, and seniors can now qualify for BigFuture Scholarships
2. Start Your Career List rewards students for saving three or more careers on BigFuture
3. Every month, BigFuture will continue to award two \$40,000 awards and hundreds of \$500 awards
4. Every step completed earns students one entry in \$40,000 and one entry in \$500 drawings
5. The more steps completed and the earlier students start, the more chances they have at earning scholarships

“To me and my family, it means an opportunity to not only be the first generation to go to a university, but to also meet others from different backgrounds and more.”

Veronica from Miami Arts Charter School
Miami, Florida

Preparing for the Spring 2024 Rhode Island PSAT 10 and SAT School Day

Preparing for Spring 2024

- In September, we will share a full milestones and timeline document.
- We will offer a full array of training opportunities:
 - Test Coordinators
 - Tech Coordinators
 - SSD Coordinator
- We will provide resources to support:
 - Planning for testing
 - Technical preparedness
 - Requesting accommodations
 - Administering the test to all students

- ✓ Focus groups and small group virtual discussions

A Centralized Resource for Communication Materials

In the resource center, you'll find ready-to-use and customizable resources including PowerPoints, flyers, videos, and more.

Visit: satsuite.org/school-resources

The screenshot shows the top navigation bar of the SAT Suite of Assessments website. Below the navigation, there is a blue header for the "School and District Resource Center". The main content area includes an introductory paragraph about the resources, a "For Students" section with a link to help students know what to expect, and three resource cards. The first two are video cards titled "What to expect with the digital PSAT 8/9" and "What to expect with the digital PSAT/NMSQT". The third is a download card for "Printable Student Posters".

This screenshot shows two sections of the resource center. The "For Parents and Caregivers" section includes a sub-header and a paragraph, followed by three download cards: "Principal to Parent Email Templates", "Website Copy Templates", and "Flyers". The "For Staff" section includes a sub-header and a paragraph, followed by two download cards: "PSAT 8/9 and PSAT/NMSQT Flyers" and "BigFuture School Flyer".

Communications Templates

Communication templates for the digital PSAT 8/9 and PSAT/NMSQT

Website Copy

PSAT/NMSQT | CollegeBoard

Website Copy Template

Use this customizable website copy template to inform students and families about your upcoming PSAT 8/9 administration, the benefits for students, and what they and their families should know about the transition to digital. Remember to update the bold copy with important details specific to your administration before posting to your school's website.

PSAT 8/9

Use this customizable website copy template to inform students and families about your upcoming PSAT 8/9 administration, the benefits for students, and what they and their families should know about the transition to digital. Remember to update the bold copy with important details specific to your administration before posting to your school's website.

Headline:
Why We're Offering the PSAT 8/9

Body:
At [Insert School Name], we believe our students to own their future. The SAT/National Merit Scholarship Qualifying Test (NMQST) is a rigorous assessment that isn't just about testing—it's about preparing students for the challenges of college and career. The PSAT 8/9 helps us establish a baseline for each student as they start their high school journey. The results help us focus classroom instruction and support our students' growth.

Taking the PSAT 8/9 can also help our students to:

- Know where they are and where they want to go.
- Find out what AP® courses they're ready to take.
- Explore college and career options.

This [fall/spring], the PSAT 8/9 will be administered in a new digital format that will provide an overall easier testing experience for students.

Our students will take the PSAT 8/9 on [date or range of dates] using [their own school-issued device or on a device provided to them that day] and scores will be available mid-November.

For questions about the PSAT 8/9, please contact [insert contact information].

Email Templates

PSAT/NMSQT | CollegeBoard

Parent Email Template

Use this customizable email template to let parents know about your upcoming PSAT 8/9 administration, the benefits for students, and what parents should know about the transition to digital. Remember to update the bold copy with important details specific to your administration before copying and sending the email.
