

PSAT Individual Student Report Guide

The family of each student receives their child’s PSAT results in the form of an individual student report (ISR). A paper copy of the ISR, or access to a digital PDF, may be provided to families from the student’s school district. Families and students may also access ISRs through their College Board account.

ISRs include the following information, explained in more detail in this guide:

- student scale score and achievement level for ELA and mathematics
- student total score for each content area
- section scores for each content area
- student performance across the content domains
- percentile rank score for total test and each content area
-

Name: _____
 Grade: **10**

ISR Guide Spring 2024

1

Name:
 Grade: 10
 Test administration: PSAT 10 Spring 2024
 Tested on:
 Record Locator: PXXXXXXXXX

Overall scale score including both content areas ranging from 320-1520.

Percentile scores provide information on how your child performed compared to peers. For example: *this child performed as well or better than 89% of his/her peers.*

Section score for each content ranging from - 160-760. These section scores were used to determine the state achievement levels pictured on the right.

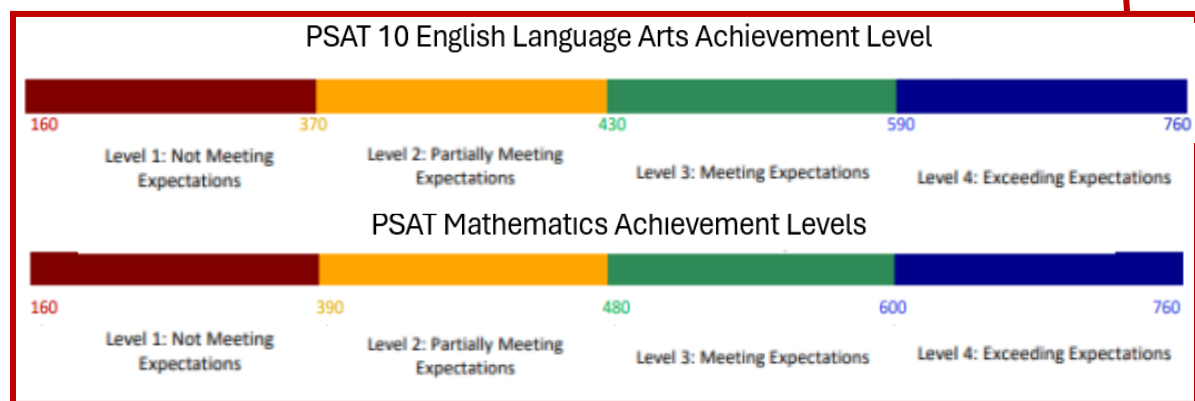

Use the link to access the complete Rhode Island achievement levels for math ELA.

Student's achievement level in math and ELA

The colored bars below show the score range for each achievement level

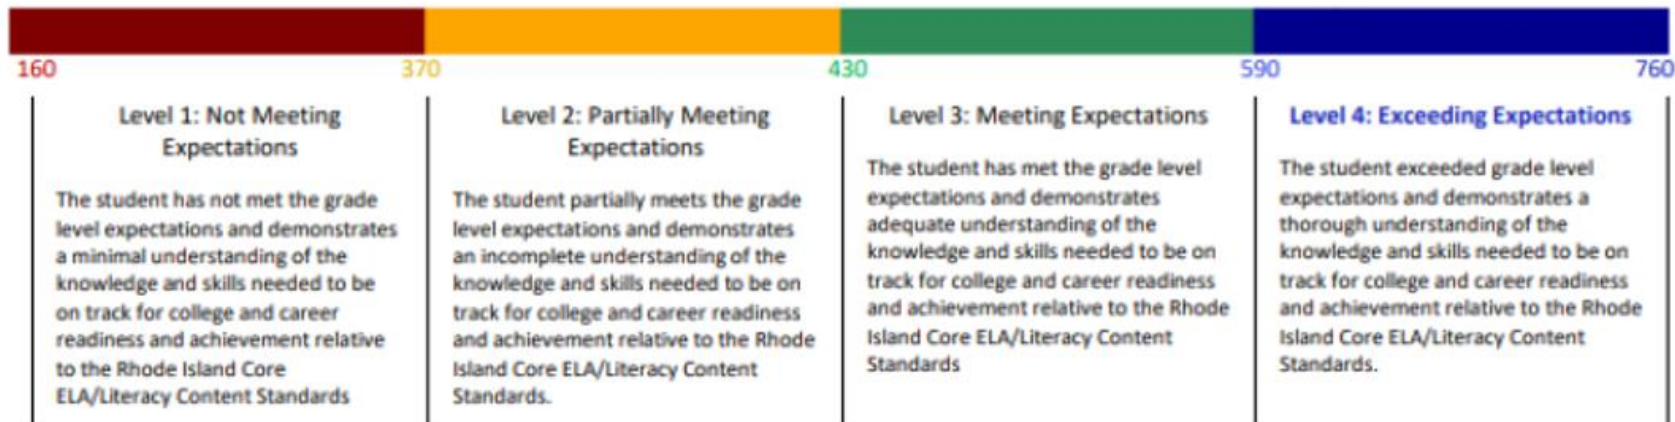

The Knowledge and Skills section of the report shows your child's performance on each of the eight content domains measured. For each area you can see:

- the approximate number of questions in each content area.
- the percentage of that content section covered by that domain.
- a bar graph of how your child performed in each domain.
