

PSAT Individual Student Report Guide

Each student's family receives their child's PSAT results in the form of an individual student report (ISR). A paper copy of the ISR, or access to a digital PDF, may be provided to families from the student's school district. Families and students may also access ISRs through their College Board account.

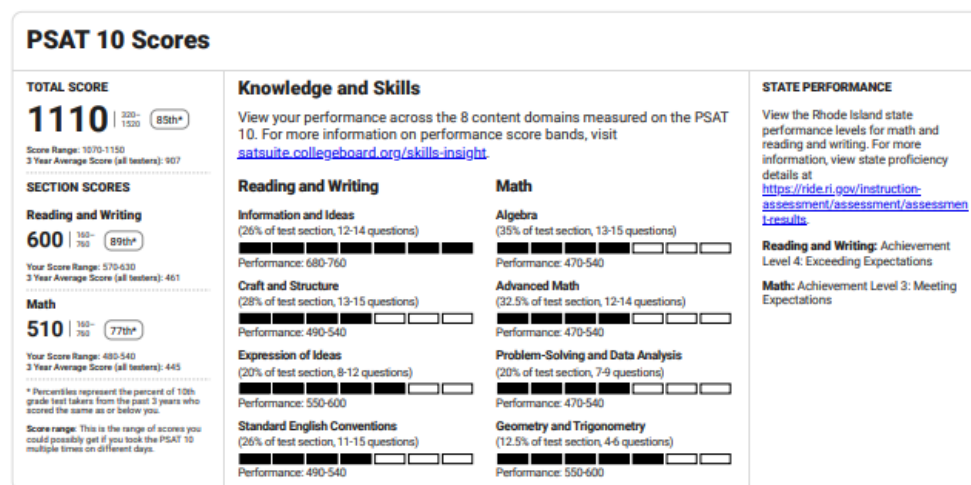

ISRs include the following information, explained in more detail in this guide:

- student scale score and achievement level for ELA and mathematics
- student total score for each content area
- section scores for each content area
- student performance across the content domains
- percentile rank score for total test and each content area

Record Locator PXXXXXXXXX

Overall scale score including both content areas ranging from 320-1520.

Section score for each content ranging from 160-760. These section scores are used to determine the state achievement levels pictured on the right.

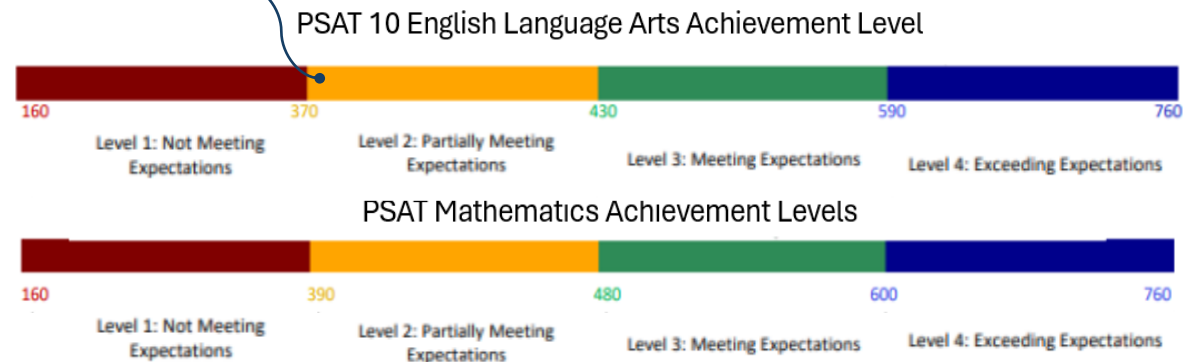

Use the link to access the complete Rhode Island achievement levels for math ELA.

Student's achievement level in math and ELA

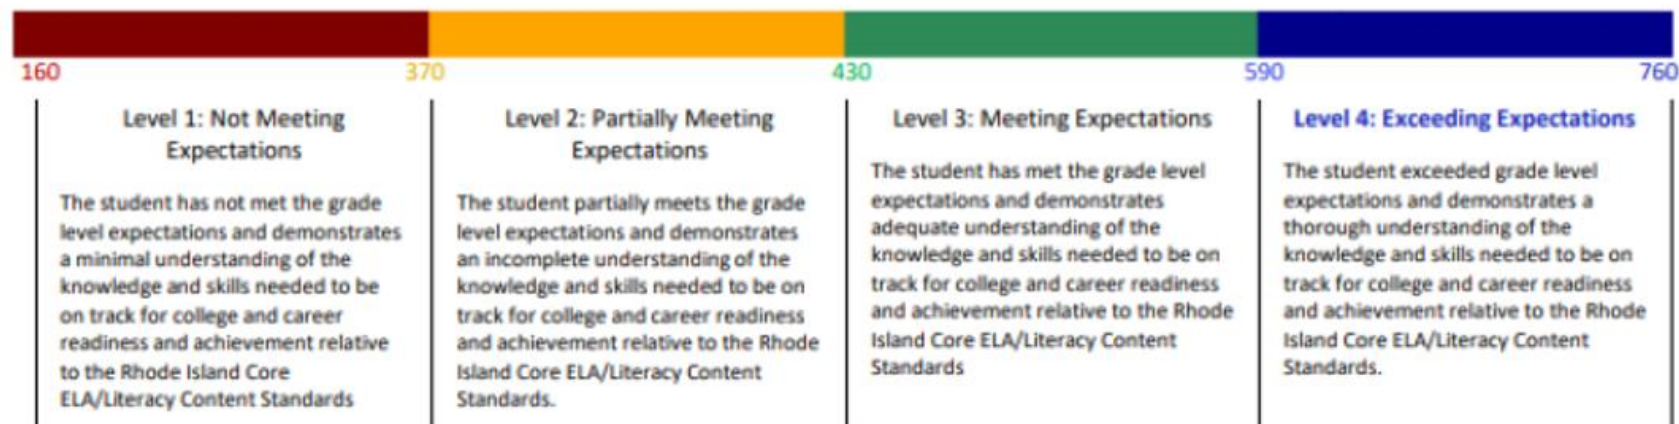

- The Knowledge and Skills section of the report shows your child's performance on each of the eight content domains measured. For each area you can see:
- the approximate number of questions in each content area.
 - the percentage of that content section covered by that domain.
 - a bar graph of how your child performed in each domain.

The colored bars below show the score range for each achievement level.
