

# One Percent LEA Monitoring Lists

**Support for Tier 1 LEAs:** Tier 1 LEAs require the least amount of support because they are either below the 1.0% threshold for participation in the DLM or they are making progress in reducing the percentage of students taking the DLM.

- We are always available to answer questions about implementing the eligibility criteria or a specific student's situation. Please reach out to us at [alternate.assessment@ride.ri.gov](mailto:alternate.assessment@ride.ri.gov) to schedule a time to meet.
- Each year, all LEAs with students who may take the DLM should attend the One Percent Rule webinar that reviews the eligibility criteria, the 1% rule, current 1% data, and DLM assessment data.

**Tier 2: LEAs between 1-2% and are seeing no change or have increased from previous year.**

**Support for Tier 2 LEAs:** Tier 2 LEAs are not experiencing progress toward reducing the percentage of students taking the alternate assessment. Monitoring for this group of LEAs includes:

- Individual Zoom calls by request.
- Yearly presentation on the One Percent Rule. Watch for registration notification in the coming weeks.
- Group training for Tier 2 districts. We will reach out to the district special education director with dates, times, and location.

## **Tier 3: LEAs with more than 2% of students participating in the alternate assessment.**

### **Support for Tier 3 LEAs**

LEAs in Tier 3 need the most intensive support to make progress in reducing the percentage of students participating in the alternate assessments. These are the supports that RIDE will provide to Tier 3 LEAs.

- Individual Zoom calls, by request. We are always available to answer questions about implementing the eligibility criteria or a specific student's situation. Please reach out to us at [alternate.assessment@ride.ri.gov](mailto:alternate.assessment@ride.ri.gov) to schedule a time to meet.
- One-on-one meetings with RIDE to improve their processes around understanding the eligibility criteria, conducting data analysis to uncover any disproportionality in identifying students for the alternate assessment, and reviewing LEA eligibility decisions. *We will begin scheduling these meetings in October.*
- In-person monitoring by RIDE of all IEP eligibility decisions for tested grades to be completed by the end of the 2024-25 school year. Specific information on the monitoring process will be shared with Tier 3 districts by the end of October.
