TO: Members of the Council on Elementary and Secondary Education
FROM: Angélica Infante-Green, Commissioner *Angélica Infante Green*
SUBJECT: *Learning Inside Out Outdoor Classroom Initiative*
DATE: May 23, 2023

The Fiscal Year 2023 State Budget included a \$7.5M allocation to the School Building Authority (SBA) Capital Fund, designed to provide upfront funding for outdoor classroom and schoolyard habitat projects. The SBA Capital Fund, consistent with statute and the Basic Education Plan, is used to support public school improvements to ensure that funding has the greatest impact on achievement gaps in the State’s priority areas, providing high-quality educational opportunities for all public students. Continuing the work to improve student engagement and close achievement gaps, the *Learning Inside Out Initiative* will include \$7,000,000 of grants to LEAS to create outdoor classrooms along with \$500,000 of funding for professional development for the LEAs to support teachers in using these spaces.

Consistent with R.I.G.L. §16-105-1(a) and §16-105-3(1) *Learning Inside Out* will provide select LEAs with funding for outdoor classrooms, habitats, learning spaces, equipment and amenities needed to enhance students’ education.

RECOMMENDATION: THAT, the Council approves the allocation of \$7,504,769 of the Fiscal Year 2023 SBA Capital Fund as follows:
