TO: Members of the Council on Elementary and Secondary Education

FROM: Angélica Infante-Green, Commissioner

SUBJECT: 21st Century Technology and Equipment Fund, Round 2

The SBA Capital Fund, consistent with statute and the Basic Education Plan, is used to support public school improvements to ensure that funding has the greatest impact on achievement gaps in the State's priority areas, providing high-quality educational opportunities for all public students.

Consistent with R.I.G.L. §16-105-1(a) and §16-105-3(1) the 21st Century Technology and Equipment Fund will provide LEAs innovative technology, furniture, equipment, and facility upgrades that support science, technology, engineering, and math (STEM) project-based learning, and career and technical education (CTE). This funding will prioritize CTE and STEM spaces in facilities that do not currently offer these programs to their greatest potential.
