

About the Rhode Island Extract Tool

Just like last year, the Final Effectiveness Rating Report (FERR) and related data must first be extracted from EEM by each District Configuration Administrator (DCA) before being uploaded to RIDE’s submission portal via the eRIDE system.

Guidance on uploading this extracted data to RIDE’s portal is located on [the Educator Evaluation page](#) of the RIDE website.

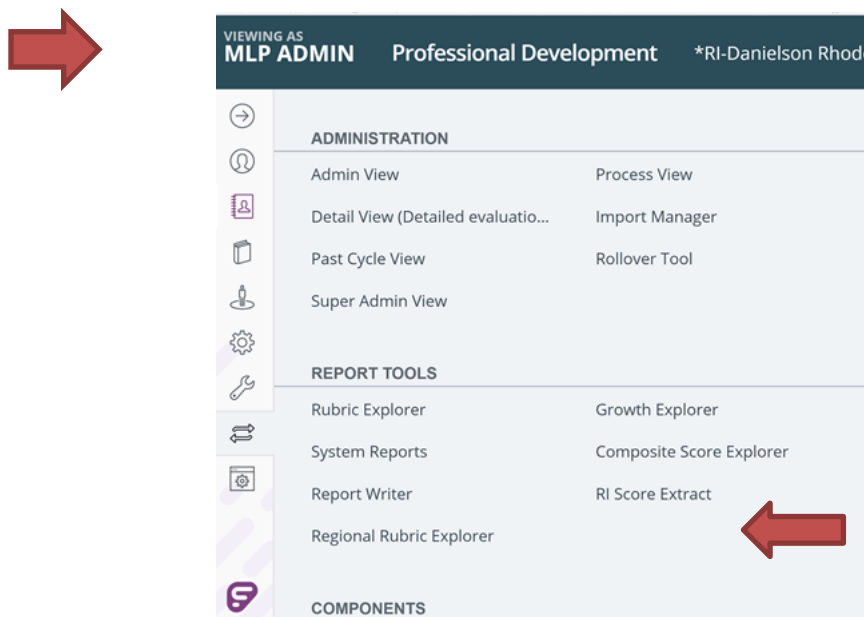

Important Dates

Thursday, June 30, 2022 – LEAs need to upload their educator evaluation data to RIDE.

After this date, any changes that need to be made to a 2021-22 evaluation will need to be made by submitting a letter from the district superintendent to RIDE’s Director of Educator Excellence and Certification Services, Joy Souza, (joy.souza@ride.ri.gov).

Steps for Extraction

To begin this process, click on the two arrows icon, or the ‘Evaluations’ menu, and select the RI Score Extract

1. District Verification

Click the check box to confirm that you reviewed and verified the forms, configurations and scores.

Before you can run your official State Extract, you must first IMPORT all outside data (such as local or state assessment scoring data) and SUBMIT all user forms containing that imported data. You can import multiple data points into separate fields in the form via one import template.

Please acknowledge that you have reviewed and verified the forms related to this extract report, and that you have verified the accuracy of the scoring computations as well as the scoring configurations as they pertain to the requirements of your organization and /or state.

My Learning Plan employees are happy to help you to adjust any incorrect settings however it is the customer's responsibility to verify the accuracy of the the data. Should you have any questions regarding any of your scoring configuration, please do not hesitate to contact My Learning Plan customer support at info@mylearningplan.com.

I have reviewed and verified the forms, configurations and scores related to the extract report and confirm that they are accurate.

5. Composite Score Forms that need to be reviewed and resubmitted

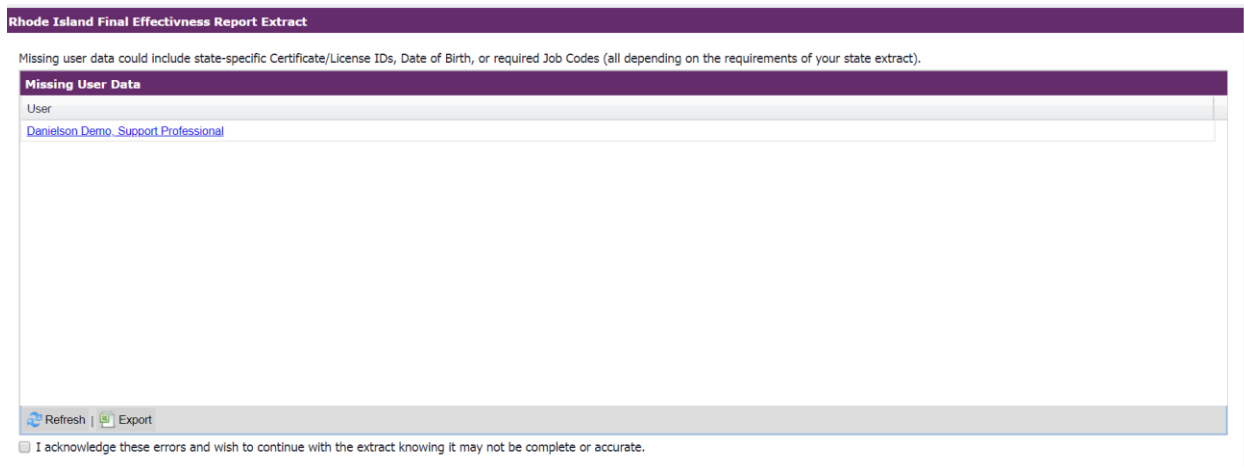

This screen may take up to 15 minutes to populate the data. Please be patient. The following forms were submitted, however prior forms that contribute scoring information to the form have been edited. These composite scores may be outdated as a result. Please review the form, edit and resubmit to ensure the latest scoring data is included.

6. Missing User Data

Missing user data could include (but not limited to) Certificate IDs, SchoolCode when Evaluation Type is Building Administrator, or LongTermSubstitute flag. You can look up an educator's certificationID at this website: <http://ecert.ride.ri.gov/public/>

You can click on the user link below to put in the missing data.

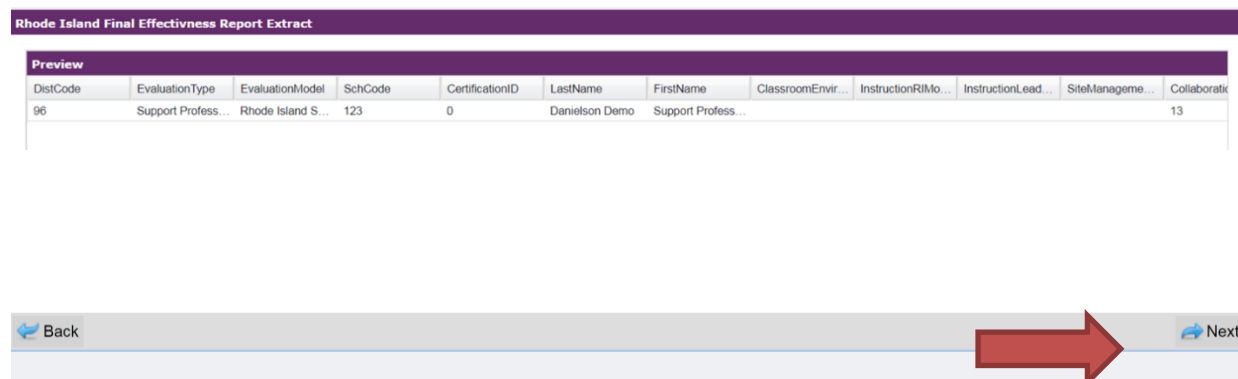

If you want to continue without fixing these errors, click Acknowledge.

7. Preview

Use this step to review all the data information. *When evaluation type is Building Administrator, please be sure that the school code matches the 5-digit school code on the RIDE school directory listing.* Look up your school in the RIDE School directory at

9. Save Extracted Data File

Please be sure to save the file in the location of your choice, maintaining confidentiality requirements. The downloaded file **must not be opened** in Excel as it will change the formatting and lead to errors in upload. If you wish to open the file to review for accuracy, be sure to ONLY open it using Notepad.

Please review guidance on [uploading this extracted data file](#) to RIDE's portal which is located on the [Educator Evaluation](#) page of the RIDE website.
