The Honorable Gina Raimondo
Governor, Rhode Island

Dear Governor Raimondo,

I am writing in support of our Met East Bay School. My daughter, Caroline Montminy Crabtree, is a sophomore and thriving. Choosing a nontraditional school was an important decision and luckily Caroline landed there. She is not only getting real world experience, but rigorous academics and the opportunity to focus on her strengths and address her needs.

Caroline's older sister and brother attended the local high school and did well and it is absolutely wonderful in some ways. The Met is even better! My main concern was that academics would take a back seat to a practical education. I was wrong. At the Met, Caroline actually can work at a more advanced than high school level for some courses. She is currently attending her second course at Salve Regina University and enjoying the work and challenge. The school schedule is sensible and the curriculum flexible enough to let Caroline explore her potential in her particular way. She also has to take responsibility for her own education. Decisions that would be made for her in a traditional school are considered carefully and include her input to ensure the best fit for her. This makes a great difference in her motivation.

I cannot say enough about the supportive and caring environment of the Met School. Caroline is engaged in her education and she knows she is accountable for her future. This model of study is working. I cannot wait to see what my daughter does next!

Thank you,

My name is Cheryl Souza. Thank you for all that you do for Rhode Island. I am writing to ask for your support of The Metropolitan Regional Career and Technical Center (The Met). The Met is important to my family and to the community, and I am concerned about the financial challenges they are facing. My child Marissa Souza is an 11th grader at The Met.

The Met is an innovative public career and technical school, which offers integrated academic and work skills programming. With high standards and strong family engagement, The Met's individualized learning approach has proven successful in unlocking students' passion for learning.

However, The Met faces many challenges and needs your support. As a state-operated career and technical school, The Met relies on sufficient funding from the state to support the unique needs of the innovative programs and its students, including my child Marissa Souza

Here's why the Met is so important to me: The Met has allowed my daughter the opportunity to do internships at Miriam Hospital, Pawtucket Country Club, a day care, and recruitment office. I have watched her grow and mature as she has learned to communicate professionally with adults, and even network. She has explored career possibilities and has carved a clear path for her future. The Met staff creates a supportive and safe place for her to learn.

I invite you to visit The Met to see the great work being done to prepare students for post-secondary schooling and careers. We appreciate your open perspective on this matter as you review the funding formula. We are depending on your help to ensure innovate career and technical education for the students of Rhode Island.

Thank you for your time and consideration,

Cheryl Souza

Estimada Gobernadora Raimondo y el Grupo Trabajo de Financiación de Educación de Fórmulas,

Mi Nombre es Marianela. Gracias por todo lo que usted hace por Rhode Island. Le escribo para pedirle el apoyo por The Metropolitan Regional Career and Technical Center (The Met). El Met es importante para mí familia y la comunidad, y estoy preocupado por los desafíos financieros que enfrentan. Mi hijo/a LUZ, está en el 10 grado en El Met.

El Met es innovador de carrera pública y escuela técnica, que ofrece programación académica y habilidades de trabajo integrado. Con un alto nivel y la participación familiar fuerte enfoque de aprendizaje individualizado del Met que ha demostrado su eficacia en el desbloqueo de la pasión de los estudiantes para el aprendizaje.

Sin Embargo, El Met se enfrenta a muchos desafíos y necesita su apoyo. Como una carrera operada por el estado y la escuela técnica, El Met cuenta con financiación suficiente por parte del Estado para apoyar las necesidades únicas de los programas innovadores y sus estudiantes, incluyendo a mi hijo LUZ.

He aquí por qué El Met es tan importante para mí:

porque mi hija Luz le gusta la escuela y ha aprendido mucho. ha crecido un poco. La profesora se preocupa mucho, tiene buenos compañeros.

Te invito a visitar El Met para ver el gran trabajo que se está haciendo para preparar a los estudiantes para la educación post-secundaria y carreras. Apreciamos su perspectiva abierta sobre este asunto al revisar la fórmula de financiación. Nosotros dependemos de su ayuda para asegurar innovar educación profesional y técnica para los estudiantes de Rhode Island.

Gracias por su tiempo y Consideración,

Marianela Pucillo

The school also have a group of great teachers who take the time to let me know what is going on in school with my son. Everyone at the MET is very caring loving, respectful with each other. I'm very glad my son has attended this school it has helped him ~~and his friends~~ to prepare for the future.
