

# Kindness Club

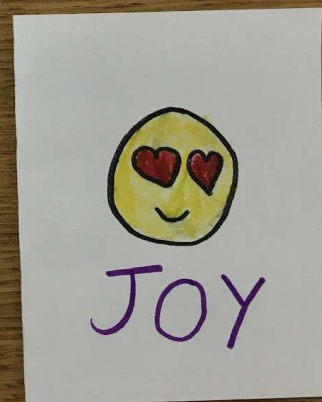

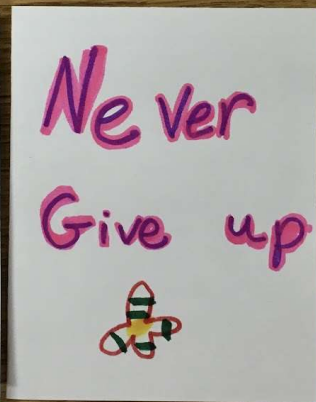

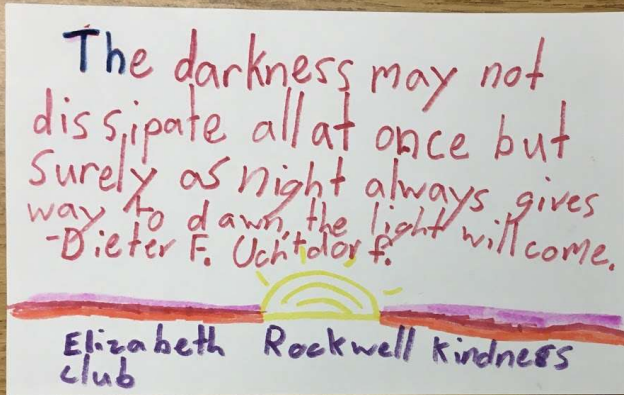

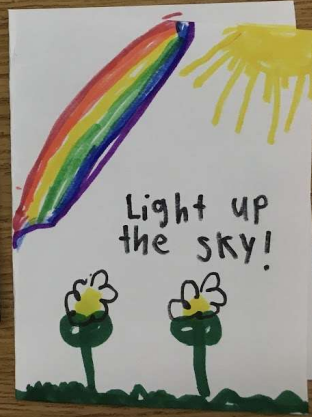

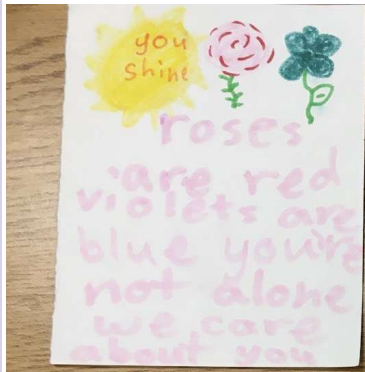

## Jingle Bell Necklaces for the Vets

In December, the Kindness Club made jingle bell necklaces for the residents of R.I. Veterans Home. We know our necklaces brought love and joy to the veterans! We received a lovely thank you letter from the Veterans' Home stating that "the Kindness Club's Jingle Bell Necklaces certainly added a festive flair to our holiday season."

## Happy Mail Cards for R.I.Vets Home Residents

The Kindness Club members have been making "happy mail" cards in January for residents of the Rhode Island Veterans' Home. Happy Mail are uplifting thoughtful notes that express love, gratitude, hope and good wishes to those who receive them. Every card makes a difference in the life of a veteran, many of whom are especially lonely and more isolated than usual during the pandemic.

## Kindness Shells

The Kindness Club painted Kindness Shells and hid them in the local community for others to find. We are participating in the Aquidneck Shells activity, which started on Aquidneck Island. Find, paint and hide a shell for someone to find. Check out Aquidneck Shells on Facebook. This activity spreads joy and is fun. It empowers others to make a difference.

## Shining Star Cards

Rockwell Kindness Club received a gift of "Shining Star" cards from the Thank A Shining Star Team, thanking us for painting kindness shells. Each Kindness Club Member was given one Shining Star Card to give to someone out in the community that they notice does good deeds and has a positive outlook. Our students gave these cards to essential workers, firefighters, policemen, service dogs, grocery store workers, custodians, teacher assistants,

teachers, bus drivers, bus monitors, babysitters and more.
