

Interaction Mapping

While there are many factors that shape your worldview, this activity will allow you to reflect on how your identities and interactions with people in your life can shape your worldview.

	1.	2.	3.	4.	5.	6.	7.	8.
Age								
Gender								
Religion								
Sexual Orientation								
Race/Ethnicity								
Socioeconomic Status								
Education Level								
Political Affiliation								
Ability Status								

Reflection Questions:

- With whom do you share the most identities? Where did you meet these people? How do their identities affirm or challenge yours?
- With whom do you share the fewest identities? Where did you meet these people? How do their identities affirm or challenge yours?
- On which rows do you see the most check marks? How salient are those identities in shaping your worldview?
- On which rows do you see the fewest check marks? How salient are those identities in shaping your worldview?
