2022-23 PSAT 10

Parent/Guardian Report

Name: Sample Student	District:	Sample RI District
SASID: Sample Student SASID	School:	Sample RI School
Date of Birth: Sample Student DOB	Grade:	10

In this report, you will find your child's results from the 2023 Rhode Island PSAT 10 tests. Your child took the PSAT 10 English language arts and mathematics tests in April 2023, and this report shows whether your child met grade level expectations and is on track to be ready for college and careers. This test is just one measure of how well your child is performing academically.

For each subject, the report shows your child's score and achievement level. This report also provides information that compares your child's achievement, in each subject, to achievement at the school, district, and state levels, as well as information about how your child performed in the major areas of each test.

For more information on how to understand the results in this report, visit our website at <u>www.ride.ri.gov/Assessment-</u><u>Results</u>.

Parents: This section shows			
your child's score on the ELA and math sections of the PSAT 10. In this example, this student's scores are 620 in	English Language Arts	Mathematics Achievement Level	
ELA and 560 in math.			
The achievement levels your child reached in each content	Exceeding Expectations	Meeting Expectations	
area are also included. In this example, this student	Score	Score	
achieved Exceeding Expectations in ELA and Meeting Expectations in math.	620	560	
	(Score range: 160-760)	(Score range: 160-760)	

Your child's PSAT 10 results

How can I support my child's education?

If your child's scores are in the *Not Meeting Expectations* or *Partially Meeting Expectations* achievement levels for either English language arts or mathematics, it is critical that you attend family-teacher conferences and discuss any concerns you may have.

If your child is *Meeting Expectations* or *Exceeding Expectations*, consider having a conversation with your child's teacher to ensure your child remains challenged and engaged.

School attendance matters. Make it a priority to get your child to school on time, every day. Establish daily reading routines in your home and encourage your child to read for fun.

- At home, talk to your child about his or her day at school to reinforce the material being learned. Children whose families stress the value of education are more likely to find it important as well.
- Stay connected to your child's school. Get involved with a parent group, schedule regular parentteacher conferences, and get to know your school community.
- Share your voice! Help improve your child's school by participating, every year, in SurveyWorks, Rhode Island's annual school culture and climate survey.
- Start a conversation. Ask questions. Talk to your child about what they're learning and show an interest in the subjects that excite them.

Cross-Test Scores

Cross-Test Scores	Student Score	School Average*	District Average*	State Average
Analysis in History/Social Science	29	27.8	27.8	23.2
Analysis in Science	33	27.6	27.5	23.2

The range for cross-test scores is 8-38. These scores represent student performance on selected questions from the Reading, Writing and Language, and Mathematics tests and show your child's strengths in reading, writing, language, and math skills in history/social studies and science contexts.

Parents: This section shows how your child did on the subsections and subtests. The average performance of your child's school and district are provided for comparison. The state average includes all students in Rhode Island who took the PSAT 10 in April 2023.

Parents: This section shows the percent of Rhode Island students in each achievement level and the average scale score for your child's school and district and the state. Use the chart above to determine the achievement level of each score.

Percentage of Rhode Island students at each performance level.
